

New War Campaign Patches

Mid America Council / Afganistan

Mid America Council / Iraq

These Patches were created, when a Family, who were friends, whose son, an Eagle Scout came home from Iraq, was killed in a car crash. They asked memorials be given to Boy Scouts. and I asked them if we could take the money they received, plus proceeds from sale of these patches, when reaching \$1,000. Dollars, then put in for a James E West Fellow, in his name, presented Posthumously. They had remembered when the same thing was done, by our MAC's (Mid America Council's) Professional Staff presented it the same way, for my wife, and said yes. However, they had enough from the memorials they collected.

A longtime friend, and donor, has agreed to underwrite the cost of 250, of each above patch, to be sold for \$5.00 Dollars each, and the total proceeds will go into a Campership Fund, which will be put in Memory of his late wife. They are available at MAC's Shop, and on ebay.

Yours In Scouting
